

CLAIMS

WHAT IS CLAIMED IS:

1. A cap having a plurality of gores and comprising:
 - 2 a crown having a inner surface and an outer surface,
 - two or more shade attachment members on said inner surface of said
 - 4 crown near a front portion thereof,
 - a pouch attached to said crown, and
 - 6 a shade contained within said pouch, comprising a central portion, a left
 - side portion, and a right side portion, said left and right side portions
 - 8 each having an upper edge comprising one or more mating
 - attachment members, said shade having a split configuration,
 - 10 wherein said at least one mating attachment members of said left and
 - right side portions are configured and positioned to attach to said
 - 12 shade attachment members during use.
2. The cap as defined by claim 1 wherein said pouch is formed by a fabric member
 - 2 having a configuration of one of said gores and is attached to said inner surface
 - of said crown by stitching.
3. The cap as defined by claim 2 wherein said pouch is pyramid-like in shape.

4. The cap as defined by claim 3 wherein said fabric member is of relatively light
2 weight.

5. The cap as defined by claim 4 wherein said shade has a dove-tail like
2 configuration and is fabricated of light weight material.

6. The cap as defined by claim 5 wherein said shade has a design imprinted on the
2 surface thereof adapted to be exposed when in the unfolded condition.

7. The cap as defined by claim 6 wherein shade is of silk material.
